GOT IT - (Getting on Track in Time) Program

This week we would like to share some strategies on building empathy and spreading kindness.

Got it! Information

Tips for Staying on Track

Health
NSW Northern Sydney Local Health District
(02) 9887 5886

Building Empathy & Spreading Kindness

Empathy involves being able to see things from another person's perspective and understand what they are feeling or experiencing. Empathy isn't a skill we are born with, it is a skill we develop through our experiences with others.

Empathy helps children learn that others have experienced big feelings too, and helps them feel understood and accepted. Children learn that they are not alone when coping with their powerful emotions.

So how can we teach the skill of empathy to children?

Model being empathic

Show warmth and understanding toward all your child's feelings by labelling and validating their emotions. This might sound like "I know how you feel", "It looks like you had a really hard day", or "It sounds like you're feeling really angry toward your brother, I'd feel angry too if...".

Build a climate of empathy

Create opportunities for children to be empathic and highlight and praise moments of kindness. This might sound like "That was very kind of you to help your sister find her toy". This will foster empathy into the future.

For more about empathy, watch this clip from Brené Brown:
<https://www.youtube.com/watch?v=1Lvwau369hw>

Talking about kindness with our children helps develop their understanding of how their actions impact on the world around them, and builds empathy.

Benefits of empathy:

- Builds stronger relationships with others
- Encourages tolerance and acceptance of others
- Promotes good mental health and happiness
- Promotes social harmony

Term 2 - Road Safety

SCHOOL ZONE

Road Safety News

Term 2 - 2022

Welcome to the Term 2 School Zone Road Safety Newsletter. In this edition we remind drivers about the rules for the No Parking zone at your school. Using these zones correctly provides a safer and more efficient resource for all drivers.

HORNSBY
SHIRE COUNCIL

Do you know how to use the No Parking zone at your school?

Most schools have a No Parking zone at the front or rear. These zones are designed for drivers to stop for no more than two minutes to drop-off or pick-up a passenger. The driver must remain with their vehicle at all times. **NO PARKING ZONES ARE NOT DESIGNED FOR DRIVERS TO SIT AT THEIR LEISURE UNTIL THEIR CHILD APPEARS.**

- If your child(ren) is being picked up from the No Parking zone outside the school, only stop there when they are ready to enter your vehicle. If they are not waiting within the zone, move away and come back later. This will free the zone up for other drivers whose passengers are waiting.
- If your school runs an organised pick-up program from the No Parking zone at the front of the school, follow the instructions issued by the school executive.
- When dropping your child at school within the No Parking zone, ensure you have given them a hug and kiss at home, so the child can leave the vehicle independently, to minimise your time within the zone.

Walk Safety to School Day - Friday 20 May 2022

As you are aware, walking to school has many benefits for students, parents and the surrounding community. Walking with your child will help them develop vital road crossing skills and is an opportunity to teach them about road safety and independence. It also gives you both exercise, gets you out of the car and away from the traffic congestion, reducing air pollution and car dependency.

On Friday 20 May 2022, all students across Australia, are being asked to participate in National Walk Safety to School Day, in conjunction with their school, or independently. For further information visit: walk.com.au.

Sport News - Update

Well done to our Zone Cross Country team who ran at Fagan Park last Thursday. It was a fantastic day with a very wet and muddy course. They did an amazing job representing Normanhurst PS!

Thank you to the parents who came out to support our students on the day! A huge congratulations to Ben Harris (5th) and Juliet Erickson (2nd), Nathan Cowan (2nd) who will now represent the Beecroft Zone at the Sydney North Cross Country Carnival in Gosford. Good luck to our State Boccia Knockout representatives (Cooper Greenwood, Fletcher Ball, Hudson Veldon and Amelia Orlovich) who compete tomorrow at ELS Hall, North Ryde in a round robin.

Excursion to The Historical Museum

A group of students from K-6 who are delving into the past, present and future of Normanhurst Public School, visited the Hornsby Historical Museum in Kenley Park on Tuesday 24th May.

It was a lovely day (thank goodness!), for our walk to and from the Museum. Ms Taylor and myself took 49 students to learn about the history of the area, and in particular our school.

An ex- student had her own books to show us from when she was at school, which was amazing. We rotated in groups, learning about the olden day classrooms, kitchens, shops and bathrooms. The volunteers were amazing, and all the students were really engaged.

Thank you to Mrs Melkman and Mrs Lawrence for helping us on the day, and also to all the volunteers at the Historical Museum.

“ We learnt things that we have now, but they didn’t have 150 years ago” Max L KE

“ I learnt that mostly everything was made of wood and metal and pottery. There was no plastic” - Beau KT

“ In the olden days they used pennies, which were heavier than today's money, and they used baskets instead of trolleys. James KE

“ I learnt that they didn't go to the supermarkets. The milkman and iceman delivered milk and ice. Rory 2F

“ In the olden days they used ink pots and used suitcases. The younger ones had smaller ones. The kids did lots of chores too” Clementine - 2D

“ In the olden days there was no clean water, and they had to keep boiling the water” Emily H 1W

“ When you got to the shop there were no plastic bags they used string bags” Nicole 1W

Stage 2 - PSSA Boys & Girls Team News

Friday came and luckily the sun was shining at Pennant Hills Park.

After learning how to put the goal together with the help of parents (Thank you!). The game against Cherrybrook P.S got under way. The boys played first and unfortunately lost 1-4. Thanks to Michael who played well in goals. All the boys played a super competitive game, and I am hugely proud of them. Well done to you all!

The girls played next and it was game on. They all were so organised working as a team to sort out the best positions for everyone. Great Teamwork!

Particular mention goes to Lael and Jenny who worked superbly on the wing and in the centre to secure the win against Cherrybrook 3-1.

Junior boys and Junior girls Netball Teams

The junior netball teams had their first games on Friday. Some players are very new to the game, and they tried so hard to remember all of the rules and positions. They were both very close games against Cherrybrook Public School, with only a few goals scored against us. I'm so proud of their effort, persistence and resilience. We're looking forward to developing our skills and teammanship as the season continues.

Music - New Equipment

Students across the school have been experimenting with some of the new music equipment. We have been exploring pitch (along with beat and rhythm) using Boomwhackers and chime bar sets. It's also exciting to have a brand new keyboard in the music room. We're looking forward to using that too! I am very grateful to the school and the P & C for the motivating resources we now have to explore music concepts.

MUSIC in K - 2

Students in K-2 have been learning about pitch using Boomwhackers. Boomwhackers are a new purchase this year and the students love using them. Each coloured tube is a particular length, creating a different pitched note. The students are also building on what they learned last term on beat and rhythm by playing their notes in time with the beat in the correct rhythm pattern.

NPS - Band News

NPS Bands

Band camp took place at the Collaroy Centre on the weekend of 20th - 22nd May! What an amazing experience it was for all who took part in it, including 52 students, 11 parent volunteers, 6 tutors and our conductor, Mr Sismey! Over the weekend, students were involved in tutorial and rehearsals. We saw growth in musical abilities from everyone. But, it wasn't all hard work. Students also participated in team building games and outdoor activities that were fun but also challenged them. The weekend was rounded off with a concert for parents - a demonstration of the massive achievements of both our Training Band and Concert Band!

Accidental Counsellor Training

A Solutions Focused Approach to listening and responding to emotional distress without burning out

ACCIDENTAL COUNSELLOR TRAINING

WHO IS THIS FOR?

This session is for anyone and everyone who responds to emotional upset and distress. That's most of us right?

THE TRAINING COVERS THREE CORE AREAS

1. Self care and wellbeing

- so we are not overcome by the emotional distress of others. This also includes appropriate referral.

2. Connection

- so we are able to validate and acknowledge the person so they feel heard and understood.

3. Influence

- so we can ask appropriate "solution focused questions" rather than giving unsolicited advice.

Need More
Foster Carers’**

The NSW Department of Communities and Justice is seeking people in your area to become short-term and crisis foster carers in order to provide a home for children and young people aged anywhere between 0-18 years-old. We are also interested in people who can care for siblings.

Foster carers come from all walks of life and their families reflect the wider community we live in. They can be single, in a relationship, identify as LGBTQI+ and be with or without children of their own.

Aboriginal, Torres Strait Islanders and people from culturally diverse backgrounds are also encouraged to apply. All carers receive training, ongoing support and financial assistance. If you are interested in making a difference in the life of a child, please call 8303 7644 or email our Foster Care Team:
